- Passport
- XML
- JSON

Education

Prime Digital Academy

August 2017

- Full Stack Software Engineering Certification

University of Minnesota – Twin Cities

June 2010

- Bachelor's of Aerospace Engineering and Mechanics (B.A.E.M.)
- Minors: Computer Science, Astronomy

Senior Design Project

- Managed group project deadlines using Gantt charts and online tools to organize team data and workflow

Professional Experience

Full Stack Software Development Student - Prime Digital Academy

June 2010

Group Project – Abamath

- Abamath does not have a process for checking students in and out for classes held in the Twin Cities area
- Collaborated with three other developers to create full-stack app that allows parents to create a PIN, sign in and check out their kids, update parental contact info, and allow instructors can manage classes and student rosters
- *Technologies used: MongoDB, Express, Angular, Node.js, AngularJS Material, X-editable, Twilio*

Solo Project – Lightning Round

- Full stack trivia challenge mobile app for multiple users, focusing on responsive design and clean operation
- Created a leaderboard to track quiz results, and stat tracking for users
- *Technologies used: MongoDB, Express, Angular, Node.js, Open Trivia DB API, AngularJS Material*
- Deployed at: <https://lightninground.herokuapp.com>

Loan Servicing Specialist – Wells Fargo Home Mortgage – (Contract through Aerotek)

December 2014 – February 2017

September 2013 – December 2014

- Trained new hires on job duties, work procedures, and industry best practices; performed QA and troubleshooting
- Assisted in operations by working ad-hoc reports and projects requested by management
- Mastered numerous constantly-updating procedures; identified problems and suggested best course of action

Escrow Analysis Statement Redesign Project

- Completed user acceptance testing; identified defects and suggested resolutions
- Built test cases, conditioned loans for team to test

Mass Bankruptcy Noting

- Worked solo, noted loans daily based on progress in bankruptcy procedures
- Performed data compilation to determine workload

Compliance Specialist – Wells Fargo Home Mortgage (Contract through Aerotek) *September 2011 – March 2013*

- Reduced business line deficiencies by 95% after 12 months supporting internal customers
- Identified process inefficiencies and implemented solutions, reducing error rate and efficiency of team
- Launched a mentoring program for new employees, trained new hires, and led regular seminars for team
